## Emergency Broadcast Partners

More media outlets than ever before are committing to broadcast vital warning information during bushfires, by partnering with the SA Country Fire Service (CFS). These Emergency Broadcast Partners have signed a Memorandum of Understanding with the CFS, indicating their support to broadcast of Watch and Act and Emergency Warning messages to at-risk communities during bushfires. (For more information on these messages, see *Fact Sheet 2.5: Bushfire Watch & Act and Emergency Warning Messages*)

Official emergency warnings will now be broadcast on longstanding partner stations ABC Local Radio and FIVEaa, as well as commercial radio stations across SA, and television stations SkyNews and WIN TV.

**Anyone who lives or travels through bushfire prone areas this during Fire Danger Season should keep aware of the conditions and listen out for warnings and alerts.**
