FIRE

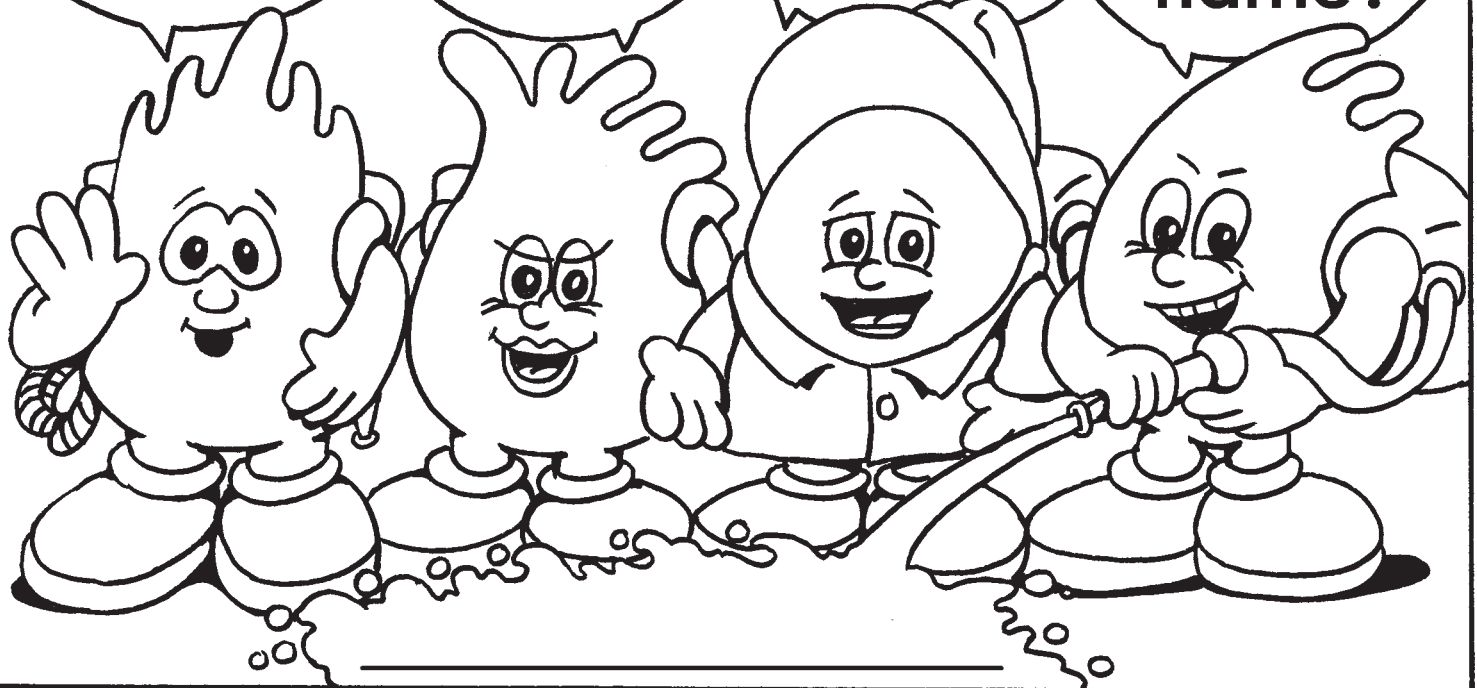

COLOUR ME

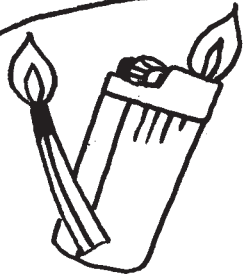

Hi,
my name
is Soak.

Mine
is
Jet.

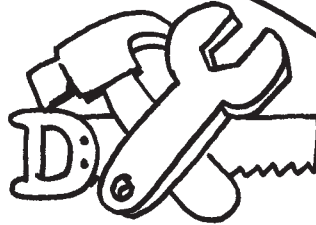

And I
am
Bravo.

I'm H₂O.
What's
your
name?

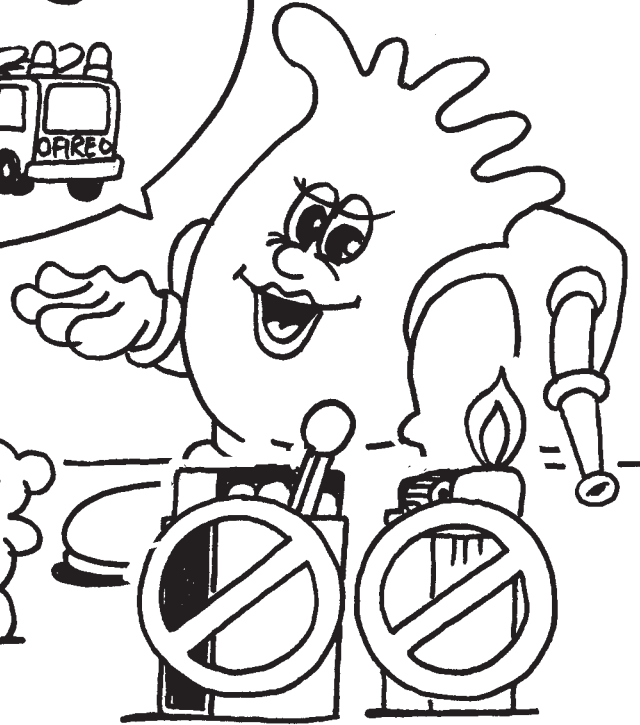

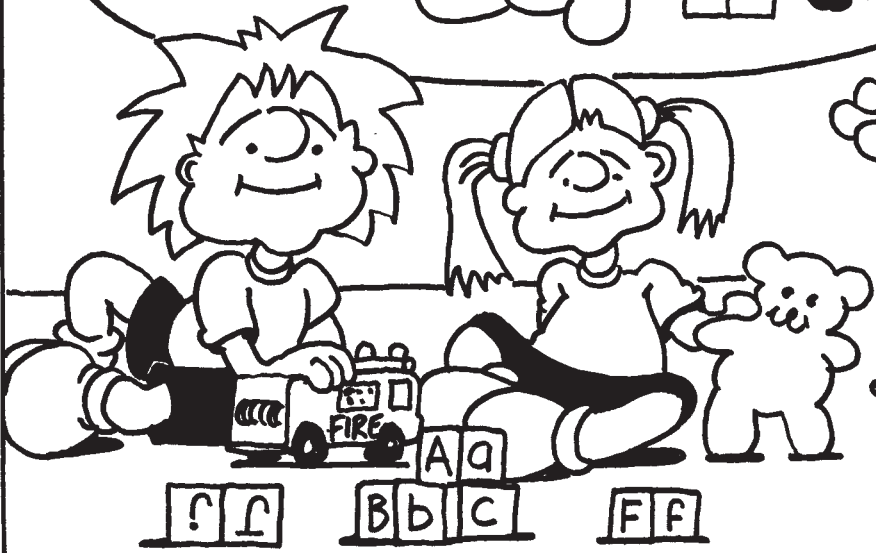

are

not

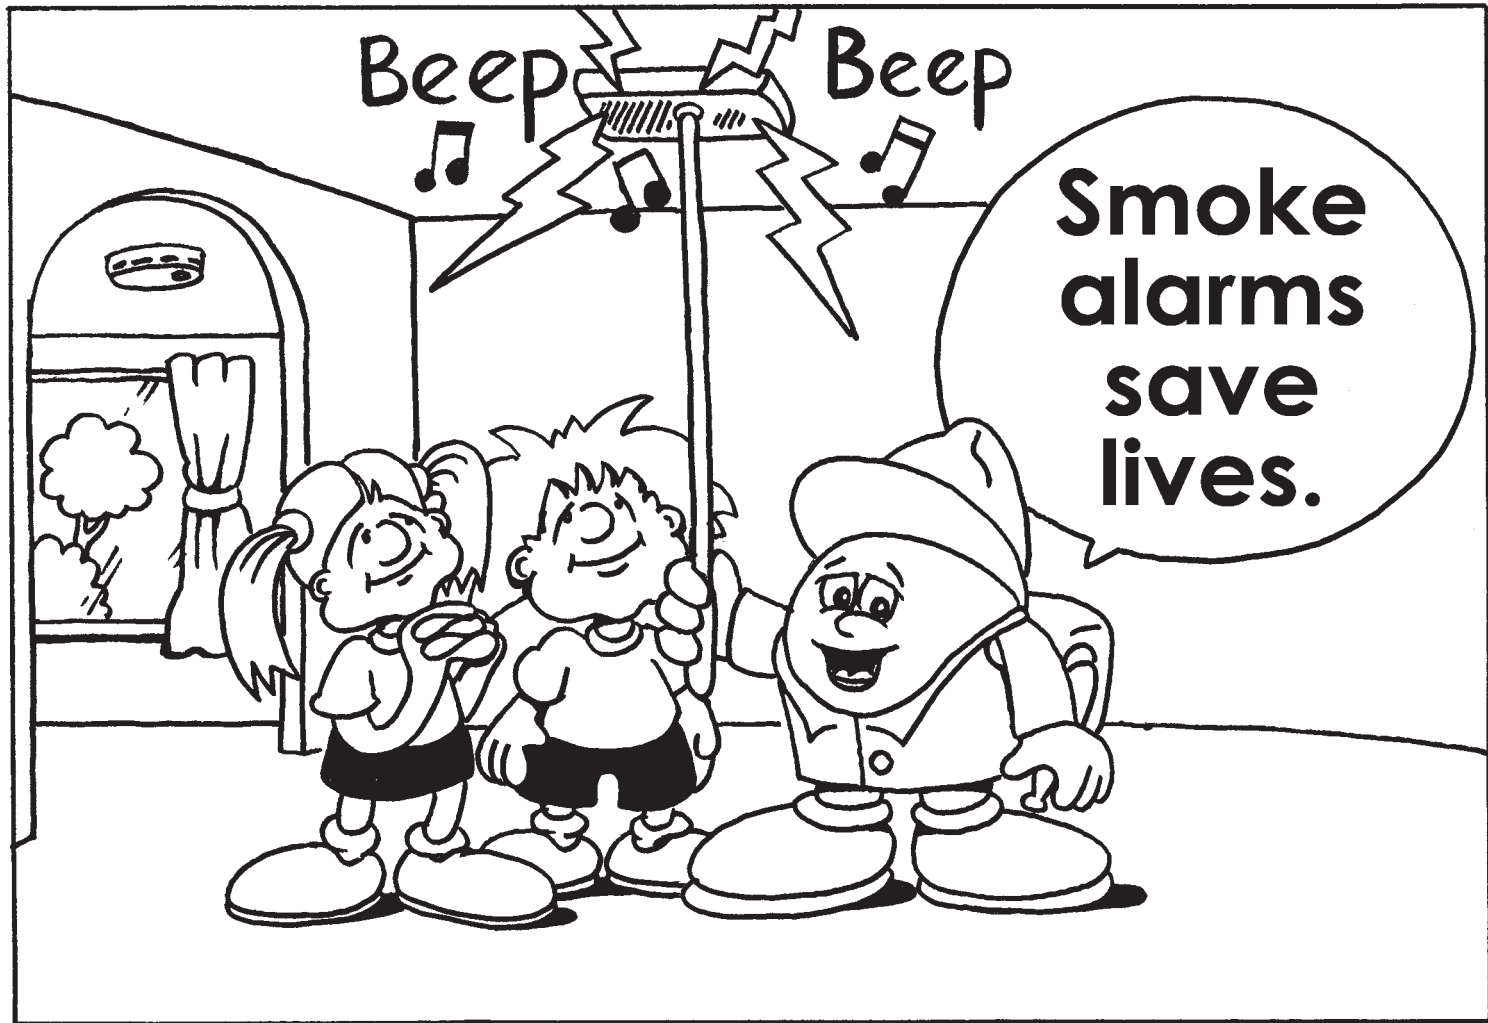

**Good
fires.**

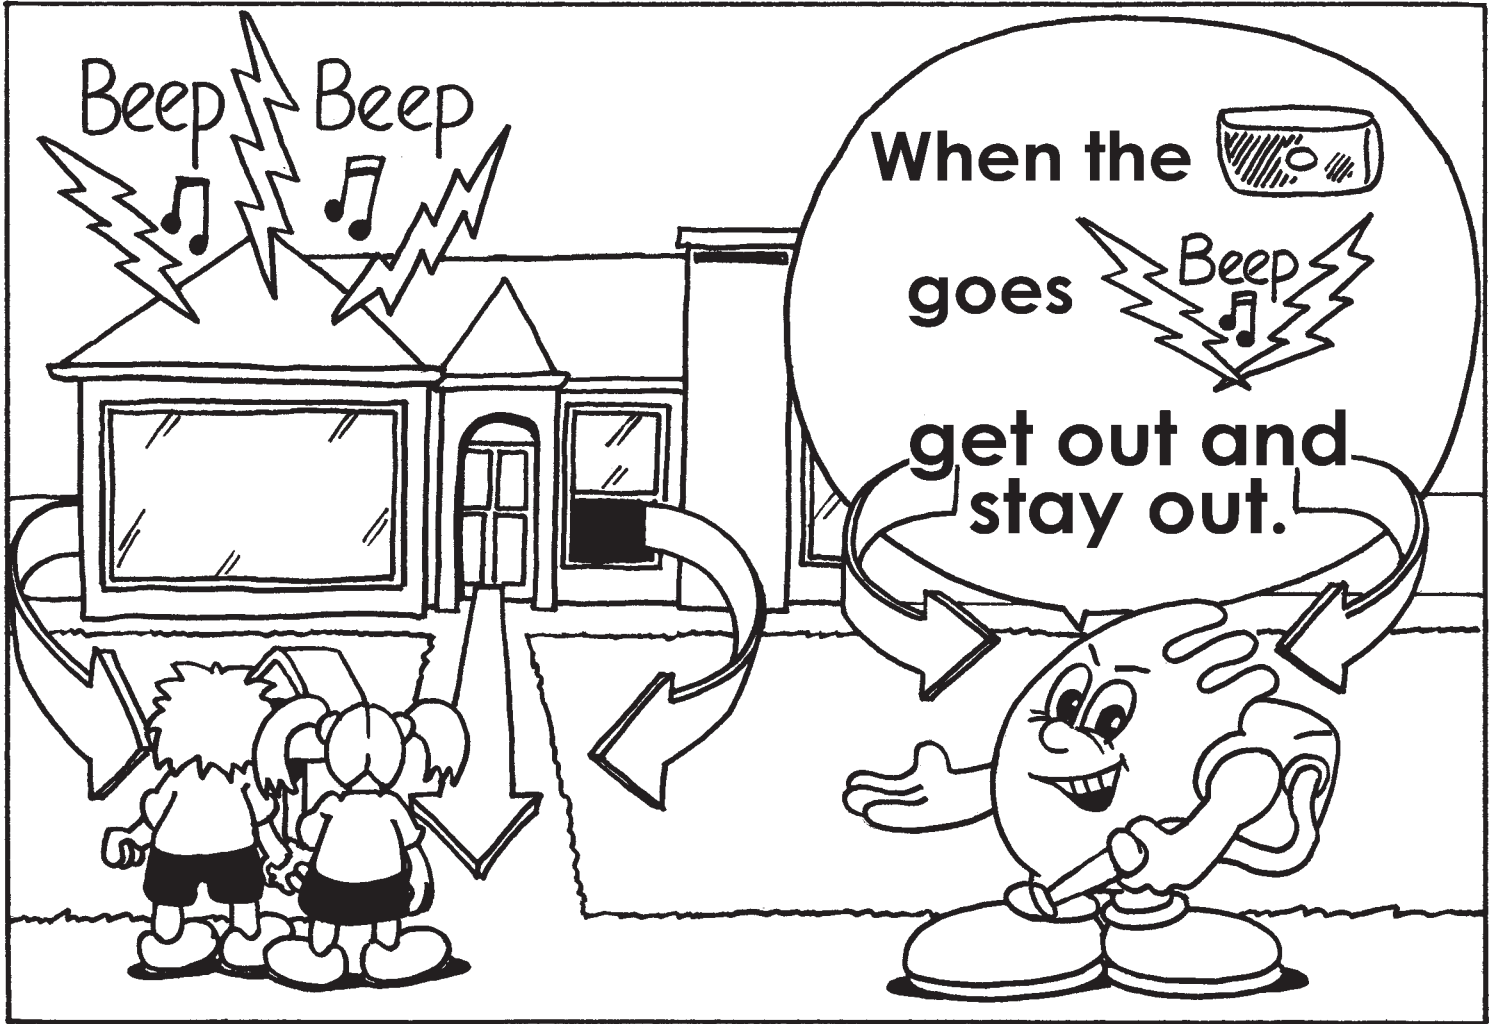

**Bad
fires.**

Beep Beep

Smoke
alarms
save
lives.

Beep Beep

When the

goes

Beep Beep

get out and
stay out!

**What do you do
when the room
fills with smoke?
Get down low and
go, go, go!**

**In an
emergency
phone 000.**

What do you do
if your clothes
catch on fire?

Stop

Dear Caregiver

You can help the children in your care learn the important lessons of fire safety.

Talk to them about the messages contained within this colouring book and re-inforce them whenever you can. Ask your children to show you how to do the following things:

- Dial 000 in an emergency. Talk to them about the situations where they would need to dial 000.
- Get out of the house if the smoke alarm sounds. Tell them where they should go to wait for you. (The letterbox is an ideal meeting place if it is away from the house.)
- Crawl low under smoke. Explain that hot smoke always goes up to the ceiling. If they crawl along the floor they can still find cool, clean air to breathe so that they can escape.
- Stop, cover, drop and roll to extinguish flames on their clothes. Explain that running makes the flames burn faster but if they stand still, cover their face, drop to the ground and roll backwards and forwards over the burning area then the flames will be put out.

Make them your Assistant Fire Warden and let them help you as you test your smoke alarm battery every month.

The good habits you teach your children now can set the pattern for a lifetime of fire safety. Even one child burned is one child too many.

Happy learning from the South Australian Metropolitan Fire Service!
