## **MEDIA ALERT**

The Official opening of the new \$3.1 million South Australian Metropolitan Fire Service engineering workshop will take place tomorrow at 10.45 am.

The workshop will ensure that the states fleet of emergency service vehicles and equipment are maintained to the highest standard. The consolidated logistics function will support emergency personnel in critical emergency response and recovery.

This initiative is another example of our Emergency Services working together to provide the maximum benefit to the community.

For further details contact: Don Cranwell, Manager, Strategic and Corporate Affairs on 0419 868682 or John Foody Corporate Communications on 0419829114
